Lab Indonesia 2024

7th Edition Indonesia Laboratory, Scientific Analytical Equipments and Services Exhibition and Conference

THE ONLY PLATFORM FOR FUTURE LAB TECHNOLOGY
& CHEMICALS FOR MEDICAL, PHARMA, EDUCATION & SCIENTIFIC
RESEARCH **IN INDONESIA**

Create Unlimited Opportunities with **LAB INDONESIA 2024!**

Lab Indonesia continues to actively recruit new buyers from all over the world through our Matchmaking service – One to One Business Matching to boost business opportunities in laboratory, chemical for medical, pharma industry. One to One Business Matching is an exclusive matchmaking program to assist in scheduling pre-arranged meetings between exhibitors, potential trade buyers and delegates to create new connection during and after the show to maximize interaction between all parties. Lab Indonesia has emerged as the only platform for future lab technology in Indonesia aiming to increase global market penetration in the laboratory, chemical for medical, pharma industry.

The program will be held through the 3 days exhibition and aims to bring together buyers directly with exhibitors and all stakeholders in one place. One to One Business Matching service is expected to enhance your experience and also you will be able to meet and discuss directly, ultimately deciding who suits your business needs best. This program will also provide more new business opportunities and help you to find more potential business partners around the globe to expand your business.

PRE ARRANGE YOUR MEETING IN 5 SIMPLE STEPS:

SUSTAINABILITY AT LAB INDONESIA

SUSTAINABILITY IS US! We are committed to Lab Indonesia having a positive impact on people and planet. We want to play a key role in helping laboratory industry improve its own sustainability by connecting people with the networks and knowledge they need to help solve the big challenges of the future.

INSPIRING SUSTAINABILITY

Embed sustainability into our brand by 2025 to inspire our sector to be more sustainable, promoting the achievement of the UN's Sustainable Development Goals:

- Using our content to support the sustainability of the market the event serves
- Inspiring our suppliers, exhibitors and other stakeholders to deliver a sustainable event
- Developing market relevant partnerships

ENVIRONMENTALLY RESPONSIBLE

Become carbon neutral, halve our waste and save customers more carbon than we emit by 2025 as a stepping stone to being zero waste and net zero carbon by 2030 or earlier by:

- Reducing our event's carbon emissions
- Creating less waste
- Considering sustainability credentials of the items sourced for the event

SOCIALLY RESPONSIBLE

Contribute value of at least 1% of profit before tax to community groups by 2025, champion diversity and inclusion and create value for our host cities by:

- Doing business safely and ethically
- Considering wellbeing and accessibility
- Creating a positive impact on our host cities
- Measuring our impacts
